Re: Letter of Support, House Bill HB 1014: Clean Energy Loan Programs, House Bill 1085: Clean Energy Loan Programs- Renewable Energy Projects

Dear Delegate Davis and Committee Members:

As the Chair of the Maryland Commission on Climate Change, the Maryland Department of the Environment supports HB 1014 and HB 1085. The requirements of these bills help to promote the use of clean and renewable energy in Maryland. In doing so, the legislation supports the State's overall goal to reduce greenhouse gasses 25% by 2020, as mandated by the Greenhouse Gas Emissions Reduction Act of 2009. As you know, due to Maryland's extensive coastline, addressing sea level rise and climate change is critically urgent.

Thank you for your consideration of this information as you review HB 1014 and HB 1085. Please contact me at 410-260-6301 or [lnissley@mde.state.md.us](mailto:lnissley@mde.state.md.us) if you would like to discuss any of these issues further.

Sincerely,

Lisa Nissley

Cc: George (Tad) S. Aburn, Jr., Director, Air and Radiation Management Administration  
Heather Barthel, Director, Legislation and Policy
